Presenting Aurum Flash Flood

Bay 10/03/1996

Flash Flood is by Flooding who sired many top showjumping and eventing horses in Australia including Another Flood, who represented Australia at two Olympic Games in showjumping and Let It Rain who competed 4 star in Australia before being sold to the USA. One of Aurum's own broodmares, Tidal Wave, is by Flooding and she was an incredibly athletic eventer and showjumper whose career was unfortunately cut short at 3 star level by injury. Down through the Flooding line we find many great thoroughbred jumping sires including the renowned Precipitation.

On the dam side Daisy was a highly talented purpose bred eventer who was known for going cross country with incredible scope and bravery. Her sire was Sterling King who succesfully competed at three star level. Daisy is out of a Black Pampas mare, a line which has also been highly regarded for jumping horses in Australia.

Flash Flood shows great scope and willingness over a fence, real presence and excellent movement making him an ideal sire for eventing or showjumping.

2007 Stud Fee $950 inc GST Walk-In/Walk-Out
