Presenting Aurum Invader

Chestnut 03/01/2001

Aurum Invader is very obviously a son of Brilliant Invader in appearance with his good bone and hindquarters. Brilliant Invader sired many highly successful showjumping and eventing horses including Ready Teddy (Gold, Barcelona Olympics), Koyuna Ted, Mousetrap (Jane Griffin) and Street Talk (Michelle Clark). In New Zealand, Brilliant Invader sired a string of successful showjumpers, at one stage ranking 2nd as a sire of showjumpers with only 10 progeny competing!

Invader's dam, Tidal Wave, was preparing to do three star when accident retired her to breeding duties. Her full sister has competed at four star level and has since been exported to the USA. Tidal Wave was a very bold and clean jumper who could easily have excelled in straight Showjumping. Her sire, Flooding is from the line of horses which includes Precipitation and this line is renowned for producing jumping horses through the years. Flooding has produced many highly sought after jumping horses including Another Flood, who represented Australia at two Olympic Games in showjumping and Let It Rain (Tidal Wave's full sister) who competed 4 star in Australia before being sold to the USA and who has finished 11th at the Rolex in Kentucky.

Invader displays an excellent trainable temperament, wonderful rideability and a natural talent over fences. His foals all show excellent temperaments and very good movement.

2007 Stud Fee \$950 inc GST Walk-In/Walk-Out
